## FOLLOW US

@Holland Imports Inc.

@Holland\_Imports

@Holland Imports Inc.

For nearly 50 years, Holland Imports has helped Canadians complete thousands of projects on the jobsite and in the home through its wide selection of quality tools, hardware, and accessories.

We have come a long way since our establishment in the early 1970s as an independent hardware store in British Columbia: we now offer more than 10,000 hardware items everyday across many categories in a multitude of brands and price points. We work with end-users and hundreds of factories to continuously develop and launch new products; and we have been able to complement our hardware program with solutions for the garden and patio. Throughout our growth, we remain family-owned and are firmly committed to creating value for our customers through the quality of our brands, excellent customer service, and competitive pricing.

Hardware remains at the heart of our company. As we move forward, we are confident that our deep experience in this sector, our hands-on approach, our drive to always do better, and our integrity will be the reasons why customers can count on Holland Imports.

# PAINT TRAY KITS

## P003700
