**SHADE SAILS**

**Weather Protection**

Create instant shade with versatile shade sails. Hang them in your backyard or patio, at your campsite, the beach or while picnicking at the park. Shade sails are perfect for temporary or permanent shade and are easy to mount. Made from 160g/m² polyester with a PA coating, they are perfect for sun protection and are waterproof. Each end is anchored with a sturdy metal D ring for easy set up. Shade sails are available in triangle or square shapes with two different sizes of each shape. Each shade sail is packed in a transparent PVC carry bag with retail ready packaging. Enjoy the warmth and sunshine outdoors while still staying cool and protected.
