

May 5, 2022

To Our Valued Customers:

For nearly 50 years, Holland Imports has helped Canadians complete thousands of projects on the job site and in the home through its wide selection of quality tools, hardware, seasonal products, and accessories. We have continued to innovate and adjust our product offering as the industry has developed and consumer's needs have evolved.

We are extremely excited to announce that we will be distributing a full selection of Scotts Miracle Gro Products! Scotts has an industry-leading family of brands that provides effective solutions for gardeners, landscapers, and industry professionals, enabling them to turn their piece of the Earth into everything they hope it to be. Scotts's primary categories include Lawn Care, Gardening, Hydroponics, Pest, and Weed Control.

More importantly, Scotts values align with Holland in that we both strive to grow good in communities, support our stakeholders, and put the consumer first. By expanding our selection and adding Scotts as a distributed brand, we continue to be the best *one-stop-shop* for everything hardlines and home.

Effective immediately, we will have a focused selection of top selling products available to fulfill in season orders. This includes Turf Builder, EZ Seed, Killlex, Miracle Grow, Round Up, and more. For our 2023 Spring Booking, we will be offering a wider selection of 200+ products.

Our commitment to creating excellent customer experiences continues to be the core of our business and we look forward to the opportunity to grow with you, our valued customer. We sincerely appreciate your business and commitment to Holland Imports.

Please do not hesitate to contact me directly if you have any questions or concerns.

Sincerely,

Darren Crowther
