Scotts® Turf Builder® Starter™ Lawn Food for New Grass
24-25-4

- Use when planting grass seed, sod or overseeding
- Improves seeding results
- Grows new grass 90% thicker, 50% quicker versus unfed
- Safe for all grass types

CODE	UPC	SIZE	PACK
09127	0 32247 09127 5	1.4 kg/93 m²	12/case
03219	0 32247 03219 3	4.7 kg/320 m²	40 bags/pallet

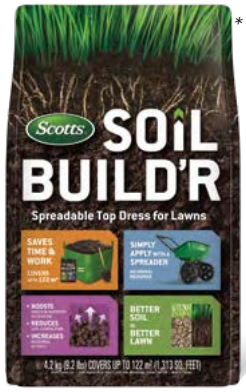

1. When used as directed, greening effects last up to 6 weeks, results will vary due to temperature and turf grass type. 2. Regular feedings provide the nutrients for a healthy lawn to develop a deep root system capable of crowding out weeds and withstanding the stresses of heat, drought and insect infestations. 3. When used according to label directions.

Scotts SOiL BUILD'R™

SPREADABLE TOP DRESS FOR LAWNS SAVES TIME AND WORK

30504A

NEW PRODUCT

Scotts® Soil Build'R™ Spreadable Top Dress for Lawns

CODE	UPC	SIZE	PACK
30504	0 32247 00261 5	4.2 kg	4ct. case
30504A	0 32247 00261 5	4.2 kg	40 bags/half pallet

TOP DRESSING YOUR LAWN JUST GOT A LOT EASIER.

Healthy soil is a crucial part of having a healthy lawn. Over time, soil loses its structure and becomes compacted. This impairs its ability to retain and utilize nutrients and water whilst supporting a healthy microbial environment. Currently, there is only one way to restore a lawn's growing habitat, by applying new soil and/or compost commonly called Top Dressing ... until now.

Scotts® Soil Build'R™ is a pelletized soil enhancer that is a simple and innovative alternative to top dressing that improves soil's overall health. Use whenever your lawn is looking stressed, tired, or lacklustre every spring and/or fall.

- **Covers up to 122 sq. m**
- **Saves time and work, simply apply with a spreader**
- **Better Soil = Better Lawn**
- **BOOSTS Water & Nutrient Retention**
- **REDUCES Soil Compaction**
- **INCREASES Microbial Activity**

** Final artwork not completed at time of print.*

Plant Food

GROW STRONGER, MORE VIBRANT PLANTS!

Just like people, plants need to eat in order to thrive. Regularly feeding plants will ensure they grow properly, produce beautiful blooms and fruit, and build resilience to harsh weather conditions and disease. To get the most out of your garden, start with Miracle-Gro® Shake 'n Feed® for fast green-up and slow-release feeding. Then follow up with Miracle-Gro® Water Soluble every 2 weeks to boost garden and maintain spectacular results until the end of the season.

Organics

THE MIRACLE-GRO® RESULTS YOU EXPECT WITH THE NATURAL INGREDIENTS YOU WANT!

Astonishing results, every time – that has always been the Miracle-Gro® mission. We've identified each organic nutrient responsible for superior performance, and deliver them with consistency – using locally-sourced materials when possible. What does that mean to you? Get more bounty – vegetables and herbs – organically.

Miracle-Gro® Organics is formulated for the mindful home gardener. For those who are inspired by Mother Nature and want to take that learning to their own backyard.

We have combined the superior knowledge, testing and learning of Miracle-Gro® with high quality, simple ingredients found in nature to bring you organic soils and plant foods that are easy to use and understand.

Hydro Gardening

Root Farm™ Seed Starting Kit

- Designed to provide a strong start to your seeds and cuttings across a variety of plants including tomatoes, peppers, cucumbers and herbs
- Seed-starting plugs contain a sponge-like peat moss material. Unlike seed-starting potting soil, plugs do not contain loose particles that could potentially clog tubing or pumps in a hydroponic system
- Plant plugs are easily transplanted into Root Farm™ Felt Garden Pots or Hydro Garden System

CODE	UPC	SIZE	PACK
10101-10170	8 89288 10170 4	50 count	7 units/case

Root Farm™ Felt Garden Pots

- Light-weight, breathable felt pots in two sizes
- Felt material allows air to circulate in the growing medium and prevent root circling
- Can be used indoors or out

NEW PRODUCT

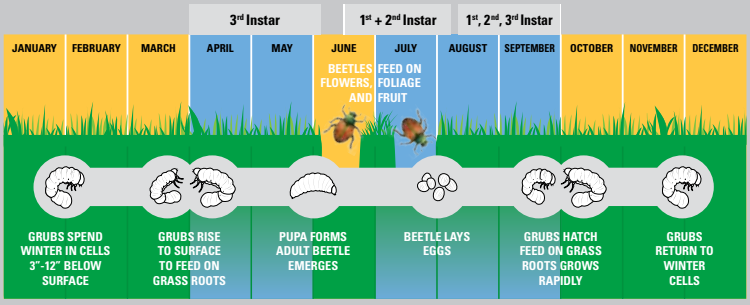

Ortho®
Beetle B Gon Max™ Beetle Killer

CODE	UPC	SIZE	PACK
2675510	0 32247 26755 7	150 g	12pk

AN EFFECTIVE AND PROVEN SOLUTION IS NOW AVAILABLE FOR GARDEN CARE!

Ortho® Beetle B Gon Max™ Beetle Killer is an effective solution that kills beetles and prevents their damage to trees and shrubs. Its active ingredient is a live organism that is effective against a variety of beetles, including Japanese beetles and chafers. Simply mix with water and apply to foliage.

BEETLE-GRUB LIFE CYCLE CHART

POWERFUL BT ACTIVE ALLOWS FOR MULTIPLE APPLICATIONS DURING THE SEASON

SPRING (April – late May)
To control over-wintering grubs that are now migrating to the surface.

SUMMER (late June – early August)
To control newly hatched grub larvae.

FALL (late August – September)
To help control new grubs that have hatched from new beetle eggs throughout the summer.

Scotts® Grub B Gon Max® Grub Killer

- Successful, proven solution to effectively kill grubs to prevent their damage to lawns
- Active ingredient is a live organism that is effective against a variety of beetle grubs, including Japanese beetles and chafers
- Simply apply with a Scotts® spreader and water in after

Rodent Control

HELP YOUR CUSTOMERS SELECT THE RIGHT TRAP.

TOMCAT® traps offer a variety of efficacious, pesticide-free options for a wide range of consumer needs.

MECHANICAL TRAPS

- Wide range of options to trap and kill, including traditional wooden traps, snap traps and no-see or no-touch traps
- Traps and kills quickly for easy disposal
- Can be used in and around the home
- Traps should be used with bait for best results, such as Tomcat® Mouse & Rat Attractant Gel

GLUE TRAPS

- Exclusive glue formula grips tightly and effectively, capturing mice and rats
- Can also be used to capture other household pests like cockroaches and spiders
- Excellent tool for monitoring rodent activity
- No spring-loaded mechanism, avoids accidental triggers on paws or fingers

CATCH & RELEASE TRAPS

- Traps rodents without killing
- Great option to use around kids or pets, as there are no spring-loaded mechanisms to accidentally snap on fingers or paws
- Can be used indoors and outdoors
- Options available for single or multiple mice

EXCLUSIVE BROMETHALIN FORMULA

ANY TOMCAT® DISPOSABLE BAIT STATION KILLS MORE MICE AND RATS THAN OTHER RODENT BAITS*

- TOMCAT® is the only consumer retail brand that offers Bromethalin Mouse and Rat bait stations.
- Each 28 g bromethalin bait block can kill up to 12 mice[1] and one 113 g bromethalin bait block can kill up to 10 rats.[1] This is significantly more effective than other actives, providing consumers with a higher value proposition.
- Top quality testing ensures all TOMCAT® baits are highly palatable for mice and rats.
- All TOMCAT® baits are made with carefully chosen human food ingredients and target female rodent eating preferences to eliminate the infestation as quick as possible.

** Each 28g mouse bait station block contains enough bait to kill up to 12 mice (based on no-choice laboratory testing). Each 113g rat disposable bait station contains enough bait to kill up to 10 rats (based on no-choice laboratory testing). 1. Based on no-choice laboratory testing*

BAIT STATION STANDARDS

TIER 1

Highest Level of Station Security

- Kid and Dog tamper-resistant bait stations
- Bait stations are weather resistant
- Can be used indoors and outdoors

TIER 2

Kid and Dog tamper-resistant bait stations

- For use indoors

TIER 3

Kid tamper-resistant bait stations

- For use indoors in locations inaccessible to pets, domestic animals and non-target wildlife

TIER 4

Lowest Level of Station Security

- Self-certified by the registrant
- Can only be used indoors in locations inaccessible by children, pets, domestic animals and non-target wildlife

TOMCAT® OFFERS DISPOSABLE AND REFILLABLE BAIT STATIONS

Disposable Stations: Bait is pre-loaded and sealed inside station. When bait is gone, the station is discarded.

Refillable Stations: A supply of bait block is sold with a refillable station. The station can be refilled until bait supply is gone.

0213012	6 26761 02130 8	400 g	12/case

IT ONLY TAKES ONE CRITTER TO WREAK HAVOC IN YOUR YARD AND—POOF!—HOURS OF HARD WORK DISAPPEAR.

Control damage caused by a variety of animals including: skunks, rabbits, raccoons, deer, squirrels, dogs, cats, rodents and more! Easy to use and long-lasting, the liquid format provides residual coverage that will not dissolve into soil or blow away like granular formats. Count on Ortho® Animal B Gon™ Max to stop wild and domestic animals from chewing, eating, licking, biting or gnawing on plants and surfaces that need protecting.

Ice Melter

Scotts

ezmelt™

ICE MELTER

- Combination of 4 highly effective ice melt ingredients fused together in one pellet resulting in better distribution to quickly and effectively prevent or remove snow and ice buildup
- SAFER on hard surfaces, lawns and gardens[1]
- Mess-free, no rock or sand fillers added

CODE	UPC	SIZE	PACK
47001	0 32247 47001 8	10 kg	100 bags/pallet
46202	0 32247 46202 0	20 kg	50 bags/pallet
46200	0 32247 46200 6	4.5 kg	4/case

DON'T FIGHT WINTER WEATHER ALONE, SCOTTS® EZMELT™ WITH HEAT LOCK® TECHNOLOGY IS YOUR SECRET WINTER WEAPON.

The Heat Lock® Technology melts ice 33% faster[2] and penetrates 87% more ice[3] by using a unique, All-in-One Technology. Locked inside each pellet you have:

- Salt, for melting at warmer temperatures (-1 to -9°C)
- Calcium Chloride and an organic melting accelerator (down to -31°C)
- Corrosion inhibitor to help reduce damage to concrete and metal surfaces

1. Less ezmelt™ is required to melt the same amount of ice vs rock salt and leading ice melt brand when used as directed. Based on independent laboratory studies.
2. Versus rock salt and leading blended ice melt product when used as directed. Based on independent laboratory studies at -10 °C.
3. Versus other leading ice melt product when used as directed. Based on independent laboratory studies at -10 °C.
