OUR STORY

For over 50 years, Holland Imports has helped Canadians bring quality, value, and inspiration into their homes, gardens, and everyday spaces. With the CF Living, we continue that tradition through a curated assortment of decorative accents, seasonal décor, garden pieces, cushions, lanterns, candles, woven baskets, wall art, and tabletop accessories designed to bring warmth, texture, and personality to any setting.

What began in the early 1970s as an independent hardware store in British Columbia has grown into a trusted supplier offering more than 25,000 items across multiple categories, brands, and price points. The CF Living reflects our ongoing commitment to thoughtful product development, combining timeless styles with fresh seasonal trends. From coastal-inspired wood décor and nature-themed garden sculptures to flameless candles, metal accents, ceramic pieces, and soft home textiles, each item is selected to support retailers with accessible, stylish, and easy-to-merchandise products.

As we continue to grow, we remain family-owned and committed to creating value through reliable service, competitive pricing, and carefully developed product programs. With decades of experience and a hands-on approach, Holland Imports is proud to offer the CF Living as a versatile décor assortment customers can count on season after season.
